Boalt, Yesterday "Under Detention in Quarters," Has Been Released

FALCONER WANTS AN INQUIRY INTO CASE

Boalt's Story Said Marines Fired on Fleeing Mexicans at Vera Cruz

WASHINGTON, July 11.—Frederick L. Boalt, the Newspaper Enterprise Association correspondent at Vera Cruz, who was "under detention in quarters" yesterday on account of an article he wrote, was placed at liberty today, according to a cable from Gen. Funston to the War Department.

House to Investigate
WASHINGTON, July 11.—Following the news of Boalt's release, Representative Falconer of Washington introduced a resolution in the House which calls for the War and Navy Departments to submit all the papers in his case, to disclose at whose initiative the order had originally been issued for his deportation and to state whether the naval inquiry at Vera Cruz had been censured.

The speaker referred the Falconer resolution to the committee. Unless the committee makes a favorable report within a week, Falconer expects to call it up for discussion in the House. At the Navy Department it is stated that Admiral Badger appointed a court of inquiry to consider Boalt's charges against Richardson, but the personnel is not stated.

A cablegram from Vera Cruz said that while the inquiry was being held there among the witnesses summoned were William G. Shepherd, United Press correspondent; Kirk Simpson of the Associated Press, and other correspondents.

Boalt's story, which was the cause of the present situation, declared, with Ensign William Richardson as authority, that the American marines fired at fleeing Mexicans when Vera Cruz was being occupied.

THE USUAL RUMORS OF RESIGNATION CURRENT

EL PASO, July 11.—The usual rumor is current today that Huerta will resign within two or three days. It is considered probable enough, but has been probable upon so many occasions that little confidence is placed in its renewal.

The story told today is to the effect that the presidency will be turned over to Francisco Carbajal, Huerta's new minister of foreign affairs. It is also stated today upon apparently good constitutionalist authority that the Carranza-Villa negotiations at Torreon recently resulted in an agreement which will prevent Carranza, Villa, Gonzales, Obregon, Angeles and any other military leader from setting himself up as provisional president. Instead, it is stated that as soon as the capital falls into constitutionalist hands Carranza will call a congress consisting of the generals under him, with one representative for each thousand soldiers to arrange for an immediate election in which none among the present military leaders will be candidates.

PHOTOGRAPHERS OF PANAMA DEFENSE QUIZZED SEVERELY

SAN FRANCISCO, July 11.—Editor Charles K. Fields of the Sunset Magazine, Aviator Robert Fowler, Ray A. Duhem, photographer, and Riley A. Scott, aerial bomb expert and writer, were brought before United States Commissioner Krull today, charged with revealing secrets of the American defenses at Panama.

Fields said: "I cannot see what offense we committed because nothing had been done but preliminary grading when we took the photograph and wrote our article appearing in the Sunset Magazine. Neither guns nor fortifications were in evidence. All we wanted to do was to stimulate interest in a larger appropriation for aerial defense. Colonel Goethals not only gave us permission but wished us good luck. He said he hoped the photographs we took would turn out well. He said they would be very interesting."

Commissioner Krull postponed the cases to August 10.

Wanted Good Tub So Her Pet Duck Could Enjoy Bath

"I want a room with a bath," said an energetic looking woman to Chief Clerk Pitblado at the Hotel Clark, Los Angeles. "Certainly, madam," was the suave reply.

"It must have a good bathtub, for I am going to keep water in it all day," was her next statement. Pitblado scratched his head in astonishment.

"But, madam, it isn't usually done," he protested. Just here the clerk's attention was attracted by an excited bell boy who was gesticulating wildly and pointing at a basket held firmly in the woman's hand.

Pitblado leaned over the counter and stared at the suspicious basket. An unmistakable "quack" emerged from its interior. The mystery of the situation deepened.

Seeing his perplexed expression, the woman condescended to explain. "It's only my pet duck, Annette," she said. "That's what I wanted the bath tub for, so Annette can have a nice swim all day."

ISOLATE LEPER AT COUNTY FARM

Came Here From Los Angeles; Found on Road at Villa Park

JAP SUFFERER IS TO BE FENCED OFF

Man is Kept in Middle of Field in a Small Tent-House

A leper, discovered at Villa Park last Sunday, has been isolated in a tent-house in the middle of a field at the county farm. A high fence, topped with barbed wire, is to be built around the tent-house, and every effort used to keep the leper in confinement.

The afflicted man is a Japanese named A. Saki, aged 32. He had been held by Los Angeles authorities for some time, and it is believed here that legitimately the man should be a charge of that county. The claim has been made in Los Angeles that the man lived somewhere in this county before he went to Los Angeles.

However that may be, the leper is now in this county. About ten days ago notice was received by health authorities here that Saki had escaped from the Los Angeles epidemic station. Last Sunday he was found beside the road at Villa Park by Mr. Whiting of that place. Mr. Whiting, of course, did not know what ailed the man, who seemed very much exhausted and showed evidences of hard travel.

J. R. McMurdo, steward at the county farm, was notified that there was a very sick, destitute Japanese at Villa Park, and McMurdo went to the place and got the man.

The man's feet were found in bad condition, and it was necessary to cut his shoes, which were much worn, from his feet. One of the man's toes came with the shoe. The ravages of the disease are more noticeable on the man's feet than elsewhere on his body, which, however, is spotted over with leprosy marks.

The man talked but little, and was very secretive. His exhausted condition was due largely to exposure and lack of food. Nothing could be secured from him as to how he reached this county. He talks some English.

At the county farm are a number of tent houses that have been used by some of the tubercular inmates. One of these was taken out into the field, and the Jap was placed in it. He seemed to be very willing to stay. His food is taken to the place and left near the tent house.

Local authorities will take the matter up with the federal authorities at once and see if some arrangements can be made to have the leper returned to his native country.

STORSTADT GETS BLAME FOR DISASTER

However, Investigators Also Find Empress of Ireland Captain to Blame

MONTREAL, July 11.—Most of the blame for the collision of the Empress of Ireland with the collier Storstadt, when 1000 lives were lost, was placed today on the Storstadt by the Royal Commission, which has investigated the disaster. There were details, however, on which the investigators found the responsibility divided.

It is held that Captain Kendall of the Empress showed good seamanship, stopping his ship just before the collision but in failing to give the Storstadt a wider berth he contributed to the accident. The collision itself, it was held, was due to the porting of the helm by the steersman of the Storstadt. Lord Mersey submitted the commission's findings.

ART SHIPMENT REACHES SAN DIEGO

SAN DIEGO, July 11.—The first shipment of the permanent art display for the Panama-California Exposition here during 1915 reached San Diego today and will be installed next week in the California state building. The shipment is made up of twelve large and small panels, the only replicas of the bronze group by Sallie James Farnum in the Pan-American Union building at Washington, D. C.

AMERICAN WINS CHANNEL FLIGHT

Round Trip London-Paris Race Goes to Intrepid Yankee Airman

TIME WAS TRIFLE OVER SEVEN HOURS

Brock Says Flight Was "Mere Promenade—After Lunch-eon Stroll"

LONDON, July 11.—Walter Brock, the American flier, won the round trip London and Paris aeroplane race. He stopped at Paris for fifteen minutes and returned without incident. He said: "The flight was merely a promenade across the channel and back. It was just like an after-lunch-eon stroll."

Brock's time was 7 hours 3 minutes and 6 seconds. Lord Carberry reached Paris 45 minutes behind the American. Brock's average was 71.11 miles per hour.

Conditions Unfavorable

LONDON, July 11.—The conditions were so unfavorable for the scheduled round trip London and Paris aeroplane race that only seven of the twelve entered aviators started today from the Hendon Aerodrome. Three Americans quit at Folkestone. Lord Carberry, the British flier, and the two Frenchmen, Garros, Renaux, and Brock, the American, continued.

LONDON, July 11.—A dozen of the most famous British and Continental aviators were scheduled to participate today in the first round-trip London to Paris aerial race ever attempted. The event is under the joint auspices of the Royal Aero Club of England and the Aero Club of France. For the fastest time a prize of \$2500 is offered and for the handicap which will be flown concurrently, \$1500. The prescribed route, starting from the Hendon Aerodrome, runs over Harrow and Epsom, thence toward Folkestone, across the Channel to Boulogne, and thence to the Bruc Aerodrome near Paris, returning the same way. Fast yachts and motorboats have been stationed along the route across the channel, and all the airmen were required to wear proper life-saving appliances.

THREE DEAD IN LUMBER MILL BLAZE

Bodies Found in Ruins of Two Tacoma Mills When Flames Die Down

TACOMA, July 11.—When flames which destroyed two lumber mills at Bismarck, near here, subsided, three bodies were found in the ruins today. The dead are C. A. Westcott, a switchman.

SAN DIEGO CHOSEN FOR 1915 CONVENTION

Endeavorers Pass Resolution Endorsing California Dry Campaign

OAKLAND, July 11.—San Diego was today chosen for the 1915 convention of the California Christian Endeavor Society. The delegates endorsed the red light abatement bill, the anti-prizefight bill, and a resolution was adopted endorsing the California dry campaign with the official slogan, "California Dry in 1915 and a Saloonless Nation in 1920."

—Hear Heney Monday 8. p. m., old High School.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 263.

STRIKING FIGURE IN PUBLIC LIFE AND NATIONAL AFFAIRS TO SPEAK HERE MONDAY NIGHT

Francis J. Heney, Progressive candidate for United States senator, is to give an opening address of his Southern California campaign in Santa Ana Monday night, July 13, in the old high school auditorium on North Main street. Since he started his active campaign he has delivered only two addresses, one at Berkeley and the other at San Francisco. Both meetings were largely attended, and it is expected the famous graft prosecutor will be greeted by a large audience in this city.

Heney is an eloquent and forceful speaker. He always has something of interest to say. He is best known as the prosecutor of the land fraud cases in Oregon and the graft cases in San Francisco.

He was the first of the prominent men in the state actively to start on a speaking tour in support of woman suffrage.

Heney was the author of the alien land law which prevents Japanese owning land in this state. He was also the author of the pipe line law, recently upheld by the supreme court, declaring oil pipe lines public carriers, and thus breaking the monopoly held by the Standard Oil company on the oil industry in California.

He worked actively for the initiative, referendum and recall measures, the direct primary, the water commission law, the blue sky law, the mothers' pension law, the employers' liability law and, in fact, practically all those measures which have made the Johnson administration a success.

In his address in Santa Ana Monday night, Mr. Heney will tell what he intends to strive to accomplish if elected United States senator. Being the opening address in his southern campaign, unusual importance attaches to it.

NON-UNIONISTS ELKS BEGIN TO IMPORTED TO STOCKTON

Building Trades Open-Shop War Continues—No Disturbances as Yet

STOCKTON, July 11.—The steamer J. D. Peters from San Francisco brought twelve non-union men this morning to be used in the open shop fight here. Seventy-five non-unionists have now been imported.

A big crowd of unionists watched the men land but caused no disturbance. The majority of the new men will be placed in planing mills and lumber yards.

To date about 150 workers in the building trades have quit because their employers violated the union rules. The unionists claim that all union labor in Stockton will be out within a few days.

JULY 15 IS REPORTED ROAD OPENING DATE

MADERA, July 11.—It is rumored here that the Wawona road into the Yosemite will be opened to auto travel July 15. This report gained circulation after the visit of one of Secretary of the Interior Lane's assistants. At the present time there are ten stages running into the valley. When the road is opened Madera will be headquarters for many parties en route to the valley. The Madera-Wawona road has been well advertised during the past two years among motorists, and the discontent over other roads has revived interest in the Madera gateway.

BOY MAY DIE AS THE RESULT OF BIKE FALL

SANTA MONICA, July 11.—Knocked from a bicycle which both were riding, two boys were injured, one probably fatally, at noon today. Melvin S. Fuchs, 14, of Los Angeles, is seriously bruised. His companion whom he knew only as "Waldo," was taken to St. Catherine's hospital unconscious.

400-MILE RIVER ROAD ALONG RIO GRANDE

WASHINGTON, July 11.—The military committee today approved Senator Sheppard's bill to appropriate \$25,000 to survey for a military highway 400 miles along the Rio Grande.

Publicity Kills Fraud

Any one making a business, as principal of agent, of selling securities on promises of fabulous returns demands the careful attention of the public authorities," says George M. Caldwell, president of the Investment Bankers' Association.

"His presence in the community, his advertisement in the paper, his circulation in the mails, arouses the suspicion of every intelligent man, and demands public investigations and requires precautions to protect the credulous and unwary."

"A blue-sky law confined to the situation indicated, resting squarely on the public viewpoint and necessity it creates, will, we believe, be constitutional and effective. It is not impossible to draw such a law. We cannot automatically prevent fraud in such ordinary transactions as the borrowing of money or selling of stocks and bonds, but we can prevent the business of fraud whose earnings are not unknown nor definable. 'Publicity kills fraud,' so we have a very active publicity committee."

"The State officials should have the right not only to prosecute for fraud, or attempted fraud, but to obtain and publish any facts which he deemed of value, and to require the company to distribute his statement to all its prospective customers. The Kansas law also prohibits the sale of any security which 'does not promise a fair return.' It is the security which promises more than a 'fair return' which demands the attention of the effective blue-sky law. It is the business of promoting and offering securities promising many times a reasonably fair return on the purchase price which requires the fullest investigation and restriction for the prevention of fraud. This law should be directed not to the approval or disapproval of the security, nor to giving the State's sanction to possibly honest but risky speculation, but to preventing the fraud which nine times out of ten is the whole purpose of the enterprise."

ST. PAUL, July 11.—The intense heat continued today, three prostrations having been reported during the morning. All Minnesota is affected.

THOUSANDS VISIT SAN BERNARDINO

Celebration Track Completion From Los Angeles is Made a Big Success

SAN BERNARDINO, July 11.—Thousands of residents of the citrus belt cities and Los Angeles celebrated here today the completion of the Pacific Electric line, connecting Los Angeles with San Bernardino.

Following the arrival of the first train from Los Angeles, which was welcomed uproariously, Mayors Catick of San Bernardino and Rose of Los Angeles, officially completed the road, driving a silver spike into an orange-wood tie.

A parade of vehicles of all the periods of California history, was a feature of the morning's celebration. It is estimated that 40,000 saw the last spike driven. Paul Shoup, president of the Pacific Electric, furnished a feature of the parade, sitting in a ticket booth selling railroad tickets.

SPANISH FAMILY IN LEGAL FIGHT

LOS ANGELES, July 11.—With \$50,000,000 worth of property as the stake the city of Los Angeles and descendants of the Sepulvedas, one of the first Spanish families to settle in Southern California, began a legal battle in Judge Myers' court yesterday. The court fight promises to last several days.

The property involved in the contest stretches from the San Pedro ferry to Wilmington and takes in some of the most valuable frontage at the harbor. The city, represented by Attorney J. A. Anderson and Deputy City Attorney Charles D. Houghton, claim title to the property under the provisions of the tidelands law, the validity of which was recently upheld by the state supreme court.

The descendants of the Sepulvedas, who have placed their case in the hands of Attorney Ingall W. Bull, claim the right of possession on the authority of a grant made by Pio Pico in 1846 to Juan and Jose Sepulveda.

1914 BUILDING SHOWS BIG ADVANCE

First Six Months Show Gain of \$60,694.50 Over Same Period Last Year

HIGH SCHOOL GROUP EXCLUDED IN FIGURES

Santa Ana Doing as Much Building as Any Other City in Her Class

Building in Santa Ana for the first six months of 1914 shows a gain over the first six months of 1913 of \$60,694.50, this figure being reached by the exclusion of \$167,855, the cost of the Santa Ana Polytechnic group of buildings, permits for which were taken out during February and March, 1913.

The total value of building permits for the first six months of this year is \$323,159 and the total value of buildings for the first six months of last year, exclusive of the high school buildings, is \$262,464.50.

Permits for June of this year fell off considerably in comparison with the same month in 1913. Thirty-eight permits were taken out in Santa Ana in the month just past with a value of \$28,652. For the same month last year the value of building was \$38,915.

Building operations in Santa Ana so far this year compare favorably with those of other Southern California cities. Those in touch with contracting operations in various parts of the southern part of the state say that building has fallen off to a certain extent, compared with last year, which was an exceptional year for building. The figures show, however, that Santa Ana is doing fully as much building as any other city in its class in the south.

FINE RESIDENCE FOR NORTH TUSTIN SECTION

Plans are being prepared for a handsome seven-room residence which will be built for Dr. James E. Paul, the local dentist, on his ranch north of Tustin on the Newport road. It is to be a frame structure in the Swiss chalet style of architecture and will have a cement porch, with brick and plaster columns in front.

The house will incorporate in its design all of the latest modern appliances making for convenience, such as built-in features, a solar heating system, etc. The rooms will be roomy and well lighted. Three open-air sleeping rooms, which are becoming more and more popular in Southern California, will be a feature of this residence.

WALNUT HOUSE AT ANAHEIM INSTALLS NEW MACHINERY

At the packing house of the Anaheim Walnut Association there is now being installed, designed by and under the supervision of Bishop & Cole of Santa Ana, a large amount of new mechanical equipment. An addition is also being built onto the present house by the Santa Fe railway. This addition is 26 by 60 feet in size. When the machinery is installed this packing house will be one of the best equipped walnut packing plants in Orange county.

BAD OPERATION AVOIDED

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Mrs. Sowers' Own Statement.

Hodgdon, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

DEARTH OF RENTAL PROPERTY SHOWS CITY IS GROWING

One of the most significant indications of Santa Ana's rapid growth in population is the constant dearth of houses suitable for renting. New-comers always have favored this city when casting about for a place to locate but just at the present time the local real estate men find more difficulty than at any previous period in supplying the demand for houses.

Many flats and apartment houses have been built in the past year or two but they have been rented almost as soon as completed and builders have difficulty in keeping ahead of the demand.

FURNISHINGS ARE GOING INTO CLUB

Country Club Home on Newport Bay Ready in About Two Weeks

The furnishings of the Orange County Country Club are being installed in the club building on Newport Bay. The work is being done under the direct supervision of the Horton-Spurgeon Furniture Company, Santa Ana. Much taste is being displayed by the committee in charge of the work in the selection of the furniture, wall papers, draperies, rugs and other details. When this work is completed there will be no more refined and aristocratic appearing club rooms anywhere in Southern California.

Especially care has been bestowed upon the furnishings of the assembly room. An English motif has been used throughout the room, and its color scheme is gray and brown. Extremely comfortable lounging chairs, divans and settees, all in keeping with the early English motif, have been secured and will add immensely to the attractiveness of this room.

The note of simple and rich elegance is being carried out consistently in every other room of the club building. In no single detail will there be found anything which would tend to detract from the general and harmonious effect of quiet artistry.

The golf links, although the men in charge of the course will be working on it for perhaps a year in all, are now ready for play. Every day sees the course improving.

As things look now the club building will be ready for occupancy in about two weeks. It has not yet been decided whether a formal opening will be held or not.

REALTY FIRM SAYS JUNE SALES GOOD

"Our commissions for the month of June have been very satisfactory," said N. J. Warner, of the real estate firm of Wells & Warner, today. "We are putting through deals right along and the outlook as far as realty operations are concerned is very bright."

Wells & Warner recently completed several deals the commissions from which went up into three figures. This shows that Santa Ana continues right along in the front rank of prosperous Southern California cities.

BOUGHT FOR \$1000 AND SOLD FOR \$11,000

Anaheim Gazette: F. R. Legouree has disposed of his east side ten-acre ranch at \$11,000. He purchased the tract eight years ago at \$100 per acre. He has purchased the property at the corner of Emily and Adele streets, formerly occupied by Richard Melrose and family, and has cut the building in two, making two houses, one of five rooms and the other of six. The east part of the building has been moved to face on Adele street, and both are neat and comfortable structures.

TO FINISH COUNTY ROADS BY JAN. 1

D. C. Pixley, chairman of the Orange County Highway Commission, informs the Fullerton Daily Tribune that about 1000 tons of concrete material is being used every day in the construction of good roads in this county.

This includes the work being done on five different contracts now under way, and the total distance covered on the five jobs will amount to one-half mile per day of completed paving. It is expected the system included in the original bond issue will be finished by the first of January, 1915. At this end of the county the work at present under construction includes the road between Buena Park and Fullerton city limits, and a contract covering ten miles of construction between Anaheim and Olinia. On the latter job there remains about one and one-half miles if road to be paved.

LUMBER COMPANY'S TUSTIN BRANCH IS NEARLY COMPLETED

The Pendleton Lumber Company has its new Tustin office, on the corner of Laguna avenue and Newport road, about finished. It is a neat building, 16x20 feet on the ground and one story in height. The interior is divided into three rooms, all neatly and attractively finished. A new shed which is forty feet square is about completed. It is two stories and will afford space for a large amount of lumber. As yet the stock has not arrived in great amounts. It is reported that there is a car shortage which has prevented the prompt delivery of lumber. All kinds of rough and finishing lumber will be carried and a good supply of roofing materials will be handled as well.

W. B. Whitson, the manager, expects to move his family to Tustin as soon as he can arrange for the care of his home place in Santa Ana.

Stops Neuralgia—Kills Pain
Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the painful part—Soothes the Nerves and Stops the Pain. It is also good for Rheumatism, Sore Throat, Chest Pains and Sprains. You don't need to rub—it penetrates. Mr. J. R. POSTAL RECEIPTS INDICATE ORANGE GROWING STEADILY

Orange News: Some interesting development statistics are contained in the report of the Orange postoffice receipts for the fiscal year ending June 30, which show that the city is making a creditable growth. Receipts for the year total \$13,510.13, which is an increase over the preceding fiscal year of \$1,159.27.

That the gain was a steady one and not caused by any temporary spurt is revealed in the quarterly reports for the year just done, each of which runs ahead of the corresponding quarter of the year before.

Following are the figures for the quarters ending—

September 30, 1912	\$ 2,629.57
December 31, 1912	3,601.76
March 31, 1913	3,152.39
June 30, 1913	2,967.14

Total	\$12,350.86
September 30, 1913	\$ 2,824.67
December 31, 1913	4,013.23
April 30, 1914	3,542.42
June 30, 1914	3,129.81

Total \$13,129.13

When the receipts for an office pass the \$13,000 mark for the year, that office, according to the department regulations, is placed in a class where a canceling machine is furnished. Postmaster N. T. Edwards has petitioned for one and has received notice that his request has been filed and will be considered. Advantages in a number of ways are derived from the possession of a canceling machine, and it is hoped that the local office will be supplied without delay.

WALNUT MEN OF GARDEN GROVE ORGANIZE

Packing House is Going to Be Built to Handle This Year's Crop

GARDEN GROVE, July 11.—The walnut growers of this section met at the school house and organized a Walnut Growers' Association. The directors elected are W. W. Dungan, Geo. A. Cook, Wm. E. Schmitzer, J. N. Rice and Chas. Swall. By-laws and constitution were adopted. The association will build a packing house and everything will be in readiness for the walnut crop this fall.

Last night the directors elected Swall president, Schmitzer vice-president, Ed Lee secretary and manager and the Bank of Garden Grove treasurer.

The association will handle about 300 tons of walnuts this year. The product of 700 acres of fine walnuts as are to be found in the state.

Garden Grove is the real home of the budded walnut, and a large proportion of the acreage there is of that fancy kind.

S. Oertley is building a new house on Euclid avenue.

Mrs. W. D. Stark who has been visiting here with relatives, returned to her home in Los Angeles on Wednesday.

Milo B. Allen, a pioneer of this place, an old soldier, passed away on Tuesday evening at 6:30. He was a highly respected citizen and will be missed by the entire community. He was buried from the Baptist church.

Ed Foote of Laguna Beach was a visitor at Garden Grove on Monday.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of Youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Advertisement.

INDOOR BATTLES BLAZING TORRID

Big Crowd Sees Methodists Tounce First Presbyterians 26 to 6

The conflict for indoor supremacy is waxing blazingly torrid on the grounds on East Fourth street. The clans supporting the teams which are trying to win in the finals are turning out in tremendous numbers and if rooting has anything to do with winning games the players certainly ought to put forth their mightiest efforts. In the first game of the playoff series last night the First Methodists soundly trounced the First Presbyterians to the tune of 26 to 6.

The Methodists played a good steady game while the work of the Presbyterians was very ragged.

The final game will be played between the Methodists and United Presbyterians on Monday night.

PLANS MATURING FOR COLORADO EXHIBITS AT SAN FRANCISCO

DENVER, July 11.—Director-General Burt of the Panama-Pacific Exposition, Governor Ammons and Secretary McGinnis of the State Immigration Board, are at work today on further plans for a Colorado exhibit at the San Francisco exposition. It is planned to ask the various counties of the state to prepare exhibits, have the railroads haul them to a central point, and secure through legislative appropriation sufficient funds to transport them to San Francisco.

MEETING OF LEAGUE HELD LAST NIGHT

(By Staff Correspondent)
ORANGE, July 11.—The Intermediate League of the First Methodist Church held an interesting meeting last evening at the Harry Winslow home on South Orange street, Nutwood place. A very large crowd was in attendance and all had a fine time.

Early in the evening the league elected officers as follows: Ruth Collings, president; Ida Mae Hoge, first vice-president; Norma Rossman, second vice-president; Perry Nuffer, third vice-president; George Haynes, fourth vice-president; Gladys Bush, secretary; Mack Wright, treasurer.

Following the election the guests turned their attention to social pastimes. Miss Esther Williams won first prize for moulding animals out of wax, and Miss Helen Wyland was winner of a guessing contest. Games and musical selections filled the rest of the evening. Refreshments of ice cream and cake were served out of doors beneath the trees on the lawn where Japanese lanterns were hung to illuminate the scene.

The following were present: Mrs. Cora Gulick, Mrs. F. V. Pruitt, Mrs. Wm. Wilson, Misses Helen Wyland, Esther Williams, Esther Slaughter, Dorothy Haynes, Dorothy Rogers, Major Haynes, Margaret Rydberg, Bertha Grigsby, Ruth Collings, Gladys Bush, Norma Rossman, Ethel Parsons, Mabel Wilson, Ida Mae Hoge, Greta Brooks, Barcus Patton and Adaline Winslow; Milton Birnbaum, Albert Benson, Charles Pruitt, Romaine Camfield, Dean Campbell, Floyd Carriker, Forrest Talmage, Arthur Wilson, Glen Potter, Mack Wright, Otto Rozell, Raymond Dyer, Kenneth Claypool, Harry Wilson, Maurice Perry, Perry Nuffer, Harold Bird, William Dyer and Wilbur Lentz.

Mrs. Eva C. Wheeler, a woman of wide reputation as a lecturer and elocutionist, will deliver an address on "Our Flag" at the Methodist Church tomorrow (Sunday) evening at 7:30 o'clock. This lecture will be along the lines of the California Dry amendment and will be well worth listening to.

There will be good music also, and a collection will be taken for the benefit of the W. C. T. U.

Rob Roy Hardin of Mesa, Arizona, arrived this morning for a visit with the G. W. Gates family on North Center street.

Mr. and Mrs. Marian Buszek, who have been spending several weeks here with Mrs. Buszek's mother, Mrs. Emma Buszek of East Maple avenue, left this morning for their home in Lindsay.

Secretary Metzgar of the Associated Chambers of Commerce of Orange county, stopped for a short time in Orange this morning while on his way to San Bernardino to attend the Pacific Electric celebration today.

Among today's visitors in Los Angeles were Dr. and Mrs. D. F. Royer and daughter Ava, S. A. Marsden, Mrs. B. D. Stanley and Misses Katherine and Louise Northcross.

Mrs. Emma Syder has returned from a short visit with her son, John Snyder, and family of Downey. She went to see her little granddaughter, born last Friday.

Mrs. S. A. Truby returned Thursday from an extended stay in Los Angeles and in El Segundo. She was ill while in Los Angeles but has now recovered.

Mr. and Mrs. J. H. Walker, Miss Southwick and Mrs. Penfield motored to Newport Beach to spend today.

Miss Helen Miller, Miss Alma Grumm, Miss Shma Lane and Miss Price of Long Beach will leave tomorrow for a camping trip to Bear Valley.

CAN HOMESTEAD LAND IN KERN COUNTY

BAKERSFIELD, July 11.—A big strip of land in Kern county has been opened to homestead entry and is enterable under the enlarged provisions of the homestead act. Much of the land has been located upon. Information concerning the new open territory, listed as follows, may be obtained at the land office at Visalia:

The land is composed of parts of sections 4, 5, 6, 7, 8, 9, 10, 15, 17, 18, 19, 3, 20 and 21 in township 27 south, range 18 east.

Parts of section 28 in township 25 south, range 28 east.

All of sections 1, 2, 11, 12, 13, 24, 25, 26 and 35 in township 26 south, range 28 east.

Parts of sections 1, 2, 11, 12, 13, 14, 15, 22, 23, 34, 35, in township 27 south, range 28 east.

Parts of sections 1, 2, 3, 7, 8, 9, 10 to 35 in township 25 south, range 21 east.

INTERURBANS OFF SOUTH MAIN STREET

Goodbye to interurban traffic congestion on Main street, Los Angeles. Los Angeles has awarded the franchise for the four-track elevated line to connect the rear of the Pacific Electric station with the San Pedro street municipal railway. The Pacific Electric's bid of \$100 for the franchise was accepted last week, and the ordinance granting the privilege was adopted by the council yesterday.

The elevated track, which will be the nucleus of an extensive interurban elevated system of the Pacific Electric for quick egress and ingress of its trains from the Pacific Electric station, will be built without further delay at a cost of \$250,000.

TWO DARING SAILORS RESCUE LITTLE BABIES

SAN FRANCISCO, July 11.—The survivors of a shipwreck on the rocks of a lonely island, nearly five months of privation on that island, and final rescue after a daring adventure undertaken for their sakes by three hardy sailors, two girl babies arrived in San Francisco today in their mothers' arms. They are the children of Capt. Jens Jensen of the schooner Nokomis, which was lost on Clipperton Island, 700 miles off the West Coast of Mexico, February 28, last. Besides the captain and his family, eight members of the schooner's crew were brought to port by the liner City of Sydney.

APRICOT SEASON NOW AT ITS HEIGHT

The apricot season has reached its height, the yield being excellent. The fruit is not unusually large, but the trees are heavily laden. The largest single orchard is that of the San Joaquin Fruit Company, which has eighty acres. The tracts vary in size but they are mostly small. It is common to find an acre or two on a ranch.

The San Joaquin Ranch looks like a new town, says the Tustin News. All available local pickers have been employed. It was necessary to get in whole families from Los Angeles to handle the crop. Close to 160 families are reported as engaged in the harvest.

Apricot harvesting is a family affair. It takes the men to get out and pick the fruit. The women and girls pit the cots and get the fruit ready for drying.

Nearly all the fruit is dried. A very small amount is sold as it comes from the trees. The drying is done in the sun. The trays are arranged over a wide enough field to provide for all the fruit as fast as it is prepared. It takes three days for the drying when Old Sol gets down to business. But when he is inclined to loaf and hide under a fog veil it takes longer.

The average price seems to be fixed for the season at about nine cents.

What Santa Paula Men Say About Milford Valley Lands

THE above newspaper clipping was taken from Santa Paula Chronicle. The statements contained therein are no less enthusiastic than those made by ranchers from the best sections of Southern

California and other western states who have recently visited the Milford Valley lands—and made purchases of 80 to 320 acres right on ground.

\$30 Per Acre Perpetual Water Right—**\$70 per Share—12 Years** Time to Pay for It if You Desire

Milford Valley lands are being rapidly taken up by the most discriminating Southern Californians—men who are in position to demand the best. One man (J. C. Belshe of Missouri) covered 10,000 miles via auto in search for the Milford type of land, water and climate. He could have bought anywhere in the U. S. A.—but he chose Milford because he found land at \$30 an acre that would produce \$72 worth of alfalfa from three cuttings, 400 to 600 bushels of potatoes to the acre, netting \$200 to \$300 per acre, a wonderful hog and dairying country, a banner apple district, a dependable gravity irrigation system, a life lengthening mountain climate, the purest of soft drinking water, "main line" transportation facilities, easy access to the highest priced markets, close proximity to a progressive town affording the best social and educational advantages.

Adjoining Milford, Utah, on Main Line of Salt Lake Railroad

Search the west from corner to corner—study land, water and climatic conditions in every county—and you'll find no farming or investment opportunity to equal Milford Valley at even twice the price.

Satisfy yourself about the Milford opportunity today—find out why men from Imperial Valley, Riverside,

Orange and Ventura counties are buying at Milford—send for our illustrated booklet with pictures and testimonials from men who have farmed in this section of Utah for 50 years. Don't wait until all the land closely suburban to the town of Milford is gone—be among the early buyers and gain a tremendous investment advantage.

PARTY LINES ARE BREAKING DOWN

There will be unusual difficulty in forecasting election results at the coming election, because all over the country party lines will be disregarded to a remarkable extent. New line-ups and combinations are being made and there is a general disposition on the part of the mass of the voters, regardless of partisan affiliations, TO SUPPORT THE BEST MEN AND TO WORK FOR PROGRESSIVE PRINCIPLES. Here is the New York Tribune, for instance, urging the Republicans of Pennsylvania to support the Progressive nominee for senator, Gifford Pinchot, as the surest way to compass the defeat of Senator Penrose. In Utah the Democrats and Progressives have united in a campaign to defeat Senator Smoot, Mormon apostle and one of the reactionary leaders in the senate. In Louisiana Progressives and Democrats are combining to support protectionists for Congress as an expression of disapproval of the course of the administration on the sugar tariff issue. In Nebraska the Republicans and Progressives are expected to unite on a state ticket.

The Newark (New Jersey) Evening News gives the following interesting review of some of the unusual conditions existing in several states:

"Intraparty strife is a noteworthy feature in several states and is not confined to any one party. Minnesota Republicans have just settled one by defeating Governor Eberhart for renomination. He was the machine candidate and was opposed by William E. Lee, who was selected at a conference of independents from a number of aspirants. It was a straight fight between the machine and the independents, and the latter won. At the same primary the voters of the 10th district crushed J. Adam Bede's ambition to return to Congress.

"A bitter fight is on in the Nebraska democracy between the Bryan and Hitchcock factions Governor Morehead, who trains with the Hitchcock crowd, will be opposed by Richard L. Metcalfe, formerly editor of Bryan's Commoner, and whom Bryan appointed to a \$10,000 job at Panama. There is a prospect that Republicans and Progressives may unite on a state ticket in Nebraska. The chairmen of the two state committees have united in a call for a single convention with a single set of delegates. This convention is expected to present a platform that will unite the parties.

"In Utah the Democrats and Progressives have united on a state ticket under a division of the spoils that gives the Democrats the nominees for governor and senator and the Progressives the two congressmen. This coalition may spell defeat for Senator Smoot.

"Much activity is being displayed by Progressives in Louisiana. The Democrats in that state are seriously offended at the administration because of free sugar, and while they will not support the Republican ticket, it is claimed that they are willing to help Progressive candidates as a rebuke to the administration. The feeling over the blow at the cane sugar industry is very strong.

Massachusetts Progressives have been trying to raise a campaign fund of \$50,000, but up to date less than \$20,000 has been contributed. Dan Hanna of Cleveland, son of the late Mark Hanna, who with George W. Perkins and William Flinn, has been one of the heaviest contributors to the Progressive war chest, in his newspaper, the Cleveland Leader, urges that Republicans and Progressives unite on a ticket in that state, while in Kentucky the Republican state committee has appointed a committee to confer with Progressive leaders in an effort to agree upon a state ticket. A similar movement is on foot in Colorado.

A HIGHLY HOPEFUL BUSINESS OUTLOOK

From Editorial Page of the Boston Globe May 19, 1914

It is the consensus of opinion of some of the keenest and most far-sighted men that the United States is entering on an era of prosperity that will completely overshadow even the great periods of business prosperity that have already come to this country since the Civil War. They assign many sound reasons for this prediction.

The first—and the one which is the most significant to many of them—is that we have gone through a season of business depression for the first time in our history without a panic. The old-time speculators who could always scent a panic and make money out of it are completely confuted. They have seen a financial state of affairs never before known. They have seen the banks full of money during a business depression and no particular call for the money on any side.

They have seen Europe throw back into this country from \$250,000,000 to \$300,000,000 worth of securities and have seen these securities absorbed and the gold sent to Europe without any particular fuss. That would have meant a panic in the stock market at least a few years ago.

They have seen a tariff enacted lower than the Wilson tariff, and yet they have seen raw wool, one of the best tariff barometers there is, sell higher than before.

They have seen a delicate railroad situation, that would have created a financial panic at any time in the past, studied and pondered over in a way that has simply taken the breath from speculators. The people have refused to become excited over it. They want it settled everywhere, but they want it settled right.

Why? Because the railroad industry is not the one dominating industry of the country any longer. While financiers have been juggling railroads the past twenty-five years business men have been building up other great industrial enterprises all over this land.

This is a bigger country than it ever was before. Its potential possibilities are being more and more realized in every direction. The farmers have become scientists, and the arid lands and the swamp lands are being reclaimed everywhere and being made to yield in such abundance as was never known before in the history of farming.

In the South malaria has been conquered and the rich swamp lands are no longer the terror they were. Irrigation and dry farming have brought new prosperity to the West and Southwest. Water power is being conducted over wires hundreds of miles where formerly it was all but wasted. The oil lands and the mineral wealth have burst the bounds of former monopolies and opened up vast possibilities than ever before, and the inventive genius of the American has never been idle. New miracles are daily being wrought by invention.

Why, then, have we had a business depression in the face of these things?

Simply because a great many people thought we ought to have it; we should have it; and must have it; it was due.

It was largely a mental state. There was no real need of it. Business men see that more clearly now. But many of them are more satisfied apparently because we have had it. And they have learned something.

They have learned that you cannot have panics unless there is "tight money"—unless the reserve is tied up, as it was for the past fifty years—tied up when it was most needed. This business depression we have been through has been valuable, then, in that it has demonstrated to all the people the wisdom of the present system of a flexible currency. The old conditions have disappeared forever. Panics need not be feared.

As Mr. A. W. Douglas of St. Louis said at the Economic Club a few nights ago, there has been a curious psychological phenomenon during this business depression—the people—the common people—have been optimistic through it all. They left their money in the banks. The common people had more confidence than the so-called financiers, and when the common people have confidence you can't have panics.

So now that the lesson has been learned, and that the greatest crop in the history of the country are in sight, it is up to everybody to forget the mental depression, start in quickly and get aboard the prosperity train that has been simply standing still on the tracks waiting for the engineers to oil up for a long run.

UNCLE DUDLEY.

The Political Watchtower

You know the story of the country party who could hardly wait until Saturday to take a bath in the nice bath-tub. We are going one better than that—we can't wait.

Generally speaking once a week is often enough to turn loose the effusions from the Watchtower, but just now things are coming so fast that we want to whisper something in your ear about what is doing.

There's Theo. Winbiger of Santa Ana, for instance. He holds two offices, coroner and public administrator, to say nothing of the secretaryship of two or three lodges. The combination office is one that has created no great amount of interest during this campaign. Once in awhile someone would say: "Winbiger has no opposition." Thus all was quite as the days went by. A mere bubble of comment popped up when it was found that the Socialists were going to have a candidate against Winbiger. That was not enough to cause anyone a disturbance of peace.

So Winbiger got out his nomination papers, filed them, and went on a vacation trip. All was serene on the banks of the rippling Santa Ana. There was not a cloud nor a candidate in sight. So Theo. piled a tent on his automobile and sped to Elizabeth Lake.

Some chemical actions are rapid, and sometimes county politics are chemical.

There's Dr. D. W. Hasson of Buena Park, for instance. Once upon a time he was assemblyman from this county. In recent years he has been holding down the position of justice of the peace of Buena Park township. Some weeks ago it was rumored that he was going to run against Joplin for county treasurer. It appears that a decision to run against Joplin is one that requires consideration. We know of half a dozen or more possibilities who pondered the question over, and came to the conclusion that the grey-whiskered

treasurer was going to be the next treasurer-elect of this county. We had it pretty straight that Dr. Hasson was adverse to running against Joplin, and a few days ago he came to the conclusion that he would hold tight that which he has—the justice's job at the good park.

But something happened Thursday night. Somebody says there was an automobile track leading from Santa Ana to Buena Park.

Whatever it was, this much is true—chemical action was started. Yesterday the precipitate appeared in the taking out of nomination papers by Dr. Hasson for the office of coroner and public administrator.

So the real truth of this political stuff is that it does not take long and sometimes not very many people to start the ball rolling.

There was a small flurry over a possibility that there would be a new candidate enter for district attorney. It seems that a gathering of S. M. Davis' friends wanted him to run for the office, which he held for four years. Davis did not want to run, hadn't even thought of it, and his decision was that he would not run. That leaves the field with District Attorney L. A. West of Santa Ana and E. J. Marks of Fullerton in it all to themselves. The Socialists talked about running Allen of Fullerton for the job, but Allen says he is not a candidate, and he ought to know.

The Socialists have been doing a little stirring around this week, and with a picnic tomorrow they may do more stirring next week, in which week time for filing nomination petitions will end. The Socialists are going to have a right smart scattering of candidates on the ticket, if nomination papers already taken out by them are returned along with \$10 filing fee. Bruce Anson, long a familiar name in the councils of the county Socialists, will be the Socialist candidate for sheriff. Mrs. Minnie M. Wilson has taken out nomination papers for auditor, D. Edison Smith for treasurer, B.

Hoffmaster for clerk, A. C. Pritschau for coroner and public administrator, Dr. E. E. Duncanson for recorder, John Winters for supervisor of the second district, W. F. Barker for supervisor of the fourth district, and C. H. Wilson for justice of the peace of Santa Ana township.

There will be two or three rather interesting mixes in the township contests. Westminster township is to enjoy one of the alterations, for S. E. Chaffee, S. Woodbridge, C. G. Hudson and J. H. Hoff have all announced that they are seeking and hope to find themselves elected justice of the peace. For constable of that township the contestants are John Clark, J. O. Fulsom and Fred Willis. Over at Huntington Beach there is to be something doing, with J. W. Shirley's ambition to be re-elected justice opposed by C. H. Howard.

Take it from the Watchtower, you candidates, a committee will wait upon you next week. We have been told that the dries want to know your sentiment upon the wet and dry question. As the information drifted in through the window, each candidate for all the various county offices is to be asked: "Wet or dry?"

AGENT SAYS LANDS ARE SELLING WELL

"Milford Valley lands are selling like the proverbial hot cakes, and nearly every acre is being bought by farmers from Southern California. We have already sold over 3000 acres to Imperial Valley farmers alone, and Wednesday and Saturday of each week others are going to look the country over. Of course no country in the world pleases everybody, but Milford Valley comes as near suiting intelligent farmers as any country under the sun. If one can judge by results, as nine out of every ten who have investigated that country have bought right on the ground," said A. N. Rosenbaum, general agent of the company. Mr. Rosenbaum has offices with the Salt Lake Route in this city. Orange and Anaheim leaves Los Angeles on the Pacific Limited next Wednesday at 9 a. m., and suggested that those who contemplate making the trip get in touch with him, as they can thus secure special home-seekers' rates.

AGED MAN VICTIM OF QUEER ACCIDENT

MODESTO, July 11.—A two-inch fishhook and an inch from barb to stem was removed from the throat of 81-year-old H. Goefert, a harness maker at Ceres. The operation required ten hours, the physicians using every device known to surgery to avoid an operation. Goefert swallowed the hook during a swoon at his bench and after three hours' work by the physicians slept through the night with the hook in his throat. In the morning at 8 o'clock the physicians went to work again and finished their task at 3:30 o'clock, when, with a pair of forceps firmly fastened on the stem, the curve of the hook was turned upward and torn out. The hook and lodged just below the larynx, stem upward, stretching the leather while stuffing a buggy cushion. It is not thought that his great age will prevent him from recovering rapidly from the ordeal.

VIENNA TO EXHIBIT AT PANAMA PACIFIC FAIR

VIENNA, July 11.—The municipal council of Vienna has decided to participate in the Panama Pacific Exposition and has voted an appropriation for sending a municipal delegation and exhibits of Vienna's municipal establishments to San Francisco.

MINNESOTA CONVICTS ARE BASEBALL FANS

STILLWATER, Minn., July 11.—Marshaled in ranks like a company of infantrymen, six hundred convicts at the state penitentiary stood at attention on the prison field this afternoon, then at a word from Deputy Warden Sullivan changed like a flash from grim-faced prisoners to wild-eyed baseball fans.

The fourth game of a series inaugurated by prison officials is being played today between two of the systems of the prison twine factory. The reform has been watched closely by guards who all declare that the Saturday half holiday and with its baseball enthusiasm has proved wonderfully beneficial to the convicts.

\$200,000 WAS VOTED FOR SALEM'S RELIEF

WASHINGTON, July 11.—By a vote of 161 to 66 the House today concurred in the senate amendment to the sundry civil bill, appropriating \$200,000 for the relief of the Salem fire sufferers. Despite the fact that the appropriation was recommended by President Wilson, such Democrats as Underwood, Rainey and Payne opposed it.

COMING TO VISIT, GIRL FINDS FATHER A SUICIDE

SAN FRANCISCO, July 11.—Coming from Richmond, Cal., to visit her father Mikanan Ferdinand, Miss Ella Ferdinand found his body in the kitchen of his home, and gas pouring from an open cock in the kitchen range. He had committed suicide, supposedly because of ill health.

Belief That Body is

That of Wife of Insurance Man
SAN FRANCISCO, July 11.—A handsomely dressed body of a woman, found Friday afternoon in a reservoir in Laurel Hill cemetery, is believed today to be that of Mrs. Oakley B. Osburn, wife of an insurance man. Mrs. Osburn disappeared several days ago. The corpse bore no marks of violence.

CHICAGO SWIMMERS IN PORTLAND, OREGON

PORTLAND, Ore., July 11.—Aquatic fans of Portland are promised one of the finest exhibitions of water sports ever seen here tonight when the Chicago Amateur Athletic Club swimming team, winners of the 1914 national honors, competes with a team from the Multnomah Amateur Athletic Club of Portland.

The events will be 100, 220, 440 and 880 yard swims and fancy diving. The Chicago team is on a tour of the West and Middle West. Norman Ross of the Multnomah Club, the Pacific Coast 200, 500 and 880-yard outdoor champion, will be one of the principal entrants against the eastern team.

SUPER-DREADNAUGHT NEVADA IS LAUNCHED

QUINCY, Mass., July 11.—The giant "Nevada," the newest type of super-dreadnaught, was launched here today amid ceremonies featured by an address by Secretary of the Navy Daniels. The "Nevada" is a sister ship to the "Oklahoma" launched in March at Camden, N. J. Its keel was laid November 4, 1912. The vessel will be ready for service sometime in January, 1915. The new battleship is the last word in naval construction. Her displacement is 27,500 tons and her speed will be 20.5 knots.

ALASKA PENINSULA CRATERS IN ACTION

SEWARD, Alaska, July 11.—All the volcanoes along the Alaska peninsula west of Seward to the Aleutian Islands are in action, according to a report brought here by Captain McMullen of the steamship Dirigo, which has arrived from Dutch Harbor.

Captain McMullen said Mount Katmai, the great volcano on the mainland across Shelikof strait from Kodiak Island, is throwing out great volumes of sulphur-laden smoke. The sea, he said, was discolored by sulphur dust and pumice for a distance of 100 miles either side of the volcano.

Mount Shishaldin and Mount Pavlov were smoking when the Dirigo passed them.

HOSTESS TO COUSIN

Little Folks Meet Visitor From Far North at Gregg Home

Little Miss Marie Gregg, daughter of Mr. and Mrs. W. M. Gregg of Spurgeon street, was hostess Thursday afternoon to a company of small friends in honor of her little cousin Elizabeth Johnson. The shaded lawn made a lovely romping place for the merry games, the children also enjoying an impromptu musical program.

After whiling away the pleasant hours, the children were called from their play to partake of "tea," which was served on a prettily-appointed table decorated with dainty pink roses. The tiny place cards were tied with pink ribbons and minuscule baskets in rose design were found at each cover. The ices were moulded in pink and white.

Those who met the northern guest were Elizabeth Johnson, Beth Jordan, Josephine Scott, Ruth Schik, Frances Baker, Claire Perkins and Persana Deimling.

FOR HOOSIERS

A Picnic at Birch Park on July 16 for Former Indians

All states of the Union are represented in the Golden West and as that representation grows in numbers there is a "get-together" feeling engendered, and an organization of those coming from some particular state follows. Thus, for the sake of the Auld Lang Syne and a desire to get better acquainted a picnic is planned for all those who came from the great state of Indiana, the birthplace and home of poets, painters, statesmen.

Some Hoosiers have decided to invite each other and their Hoosier neighbors to an annual picnic to be held in Birch Park, Santa Ana, Thursday, July 15. The committee that has the picnic in charge desires every Hoosier in the county to be present. The gathering may threaten the limits of the park because of numbers.

The Hoosiers say that this is to be "THE picnic of the season." It is currently reported that the committee, in charge of refreshments (everybody is to bring lunch enough to give a "hand-out" to strangers) and amusements have asked every minister in the county to announce from his pulpit tomorrow the date and place for the picnic, in return for which they are promised seats at the tables and generous helpings of chicken and other good things to eat, always characteristic of Hoosier hospitality. "From 11 o'clock to the going down of the sun," is the good old-fashioned time observed among Hoosier foregatherers.

"Y" Meeting Tonight

A meeting of unusual interest to the "Y's" or all young people of the city, is planned for this evening at the home of Burton Rowley, 202 Cypress avenue. Mrs. C. Wheeler will entertain with readings and character sketches in a way which characterizes her fame.

Hearing this notable speaker once, creates enthusiasm to hear her again.

El Modena W. C. T. U. Meets

A very pleasant instructive meeting of the El Modena W. C. T. U. was held yesterday afternoon with a good attendance. Miss Eddy spoke to the ladies upon the project of establishing a county library and Mrs. Elizabeth Mills of this city gave an interesting talk on the cigarette question.

The union will be visited Monday by Mrs. Eva Wheeler, who is touring Orange county.

Father Flattery Transferred

Rev. Fr. Michael Flattery of Huntington Beach has been transferred to Santa Cruz, his place being taken by Father O'Reilly of the latter place. The exchange was a mutual agreement between the two priests, Father O'Reilly having relatives at the beach city.

Boy Scouts at Park

The Boy Scouts of Wintersburg have been enjoying a week's outing at Orange County Park, going up last Monday.

The lads were accompanied by Rev. D. Dundas and B. Crane.

SANTA ANA TEACHER IS SERIOUSLY ILL

Miss Naoma Lilley, principal of the Spurgeon School of this city, is critically ill at the Pasadena Hospital. Miss Lilley underwent a very serious and delicate operation Monday morning, July 6, when tissue from the abdomen was grafted between bones of the joint of the right wrist. Miss Lilley has been suffering acutely for a number of weeks past, on account of which she was unable to undergo the operation immediately after the close of school.

Her many friends here in Santa Ana are hoping to hear soon that she is improving.

Temple Theatre to Feature Drama of Ancient Rome

FAMOUS PLAYERS RELEASE "A DAUGHTER OF THE HILLS" WITH LAURA SAWYER

The Famous Players release "A Daughter of the Hills" is a very appropriate release for the present season. It is a romance of ancient Rome, and delineates how a gentle soul conquered a savage heart. The production is played in the shadow of Nero's throne, and the brutality of the emperor is softly and stirring contrasted by the humility and nobility of Paul, the Apostle.

The cruel Roman sports, and the brutal gladiatorial fights in the arena, and the sweet sympathy of Florida, the shepherdess whose heart is torn by the savage fight, form a picture of gripping interest, alternately thrilling and appealing.

Laura Sawyer as Florida, Wellington A. Playter as the gladiator, Frank Van Buren as Paul, the Apostle, Alexander Gaden as the slave, and other members of the Famous Players usual faithful and sincerity.

"A Daughter of the Hills" will be seen at the Temple Theatre Monday, Tuesday and Wednesday, July 13, 14 and 15.

Music of the highest standard is rendered at every performance under the leadership of Miss Alice Carrico, violinist, assisted by Miss Brooks, piano, Miss Tappe, 'cello, and Mr. Naujoks, clarinet.

AMUSEMENTS

"Home, Sweet Home" A Photodrama of beautiful motive, of exquisite treatment, and of exposition imbued with the personality of brilliant Griffith, "Home, Sweet Home," ranks among the highest screen productions—"masterpiece" has been so indiscriminately used that it has lost all dignity, if not significance. It will be at Clune's next Monday, Tuesday and Wednesday "Home, Sweet Home" at 8:15 sharp. Be in time. One does not have to state that there is a "beautiful motive," and leave it to the imagination. The immortal works of man make him akin to God, partaking of and participating in the divine purpose so far as the world is concerned.

From the moment that the biography starts with the raising of a window upon the domestic life of Payne and his mother, to the pathetic end of this part of the play, the vast audience at "The Strand" sat spell-bound. The dramatic skill of the director, enabling him to utilize the histrionic skill of the actors, brought out an enthralling performance.

The first episode offered a delightful comedy relief and gave opportu-

ity to one of the best comedienne ever seen in photodrama, Mae Marsh as "Apple Pie Mary." She fascinated the audience as completely as if she had been before them in person, the thousands present laughing at her delicately-conveyed mental processes. She has the art of picturing thought to a degree that argues her own intensity and intelligent grasp of all she is required to convey, going even beyond that into spontaneous delineations of her own.

The story of "Apple Pie Mary" is an illustration of the power exerted by the song, "Home, Sweet Home." So also is the episode in which James Kirkwood and Donald Crisp do some forcible acting, as two brothers of lifetime hatred, driving their mother insane by a double tragedy, from which condition she is restored to the remaining child by the song.

So also is the third episode, in which three stars of the first magnitude, Blanche Sweet, Owen Moore and Courtney Foote, present a version of the indispensable triangle, one with a happy termination through the all-pervading influence of one man's contribution to human enlightenment.

22 MILLION IS INCREASE L. A. VALUES

1914 Assessment \$503,517,640—Figures Put Angel City in Billion Class

LOS ANGELES, July 11.—The assessed valuation of the city of Los Angeles this year is \$503,517,640, an increase of about \$22,000,000 over last year. The gain is equivalent to about 5 per cent. As the assessed valuation is 50 per cent of the real valuation of property, these figures place Los Angeles in the billion-dollar class.

The non-operative roll shows a total of \$412,553,150, an increase of nearly \$22,000,000, or 7 per cent over last year. It is from this roll that the city obtains its current expense revenues. The operative roll amounts to \$90,964,490, which is practically the same total that was shown a year ago. It is on this operative roll that the state pays the city the sinking fund and interest charges on bonds that were issued prior to 1910.

\$68,801,340 Utility Levy
The assessment on the public utilities of this city is \$68,801,340, and the franchise tax on corporations other than public utilities amounts to \$22,163,150.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

NOTICE OF SALE OF REAL ESTATE

In the Superior Court of the State of California, in and for the County of Orange, made on the 12th day of June, 1914, in the matter of the estate of Ed. West, deceased.

Notice is hereby given that in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 12th day of June, 1914, in the matter of the estate of Ed. West, deceased, the undersigned, the administrator of the estate of Ed. West, deceased, will, at private sale, in one parcel, to the highest bidder, on the terms and conditions hereinafter mentioned, subject to confirmation by said Superior Court, on the 22nd day of July, 1914, sell all of the right, title, interest and estate of said Ed. West, deceased, in and to all of the real property hereinafter described; and all of the right, title and interest that the said estate of said Ed. West, deceased, has acquired other than or in addition to that of the said deceased, at the time of his death, in and to that certain lot, piece or parcel situated, lying and being in the County of Orange, State of California, and more particularly described as follows, to-wit:

Lot Eleven, Block Nine (9), Balboa Tract, as per map recorded in Book 4, page 11, Miscellaneous Maps, Records of Orange County, State of California.

The terms and conditions of said sale are: Cash, lawful money of the United States of America, ten per cent. of the purchase money to be paid at the time of sale, balance on confirmation of said deed and abstract at the expense of the purchaser; the purchaser to assume the payment of all liens and taxes upon the property purchased by him and all assessments of whatsoever name or nature which are now or may become hereafter chargeable to the lien against the said purchased property. All bids offered must be in writing and may be left at the office of Edward F. Wehrle, the said administrator, being in the Stinson Building, City of Los Angeles, State of California, or may be filed in the office of the clerk of said court at any time after the first publication of this notice and before the making of the said sale.

Dated this 6th day of July, 1914.

EDWARD F. WEHRLE,
Administrator of the Estate of Ed. West, Deceased.

Summer time

In Yucaipa is the best time to see the valley in all its glory. Yucaipa has no dull season. Wonderful how the trees are growing. Water flowing in abundance. And how the tomatoes and beans are growing. And a new cannery, new homes, new garage and new roads. Yucaipa is blossoming right out in its fourth year, and a great kid it is—Yucaipa needs laundry, bakery, meat market, dairy, milk route, harness repair shop, house-keeping apartments, boarding house, etc. Yucaipa has churches, stores, parks, library, newspaper, stores, phones, electric light, free delivery, water system, cheap land and water, easy payments, low taxes and interest, and lots of opportunities. Grow everything.

Los Angeles Produce Market
The market was somewhat oversupplied with pineapples yesterday, and as a consequence prices declined in some instances to 5 cents a pound. This is a lower rate than has been noted in several weeks. One of the large wholesale firms received a large shipment and this principally was the cause of the oversupply.

Orange clingstone peaches were received and brought around 85 cents a box. The market continues well supplied with other varieties at the usual prices. The fruit season, especially for peaches and plums is well under way, and low-priced stock is pretty readily obtainable. Some fancy Santa Rosa plums reached here and were offered at \$1.35 a crate. Apricots are in good supply.

The only development of importance in the staple market was 1/2 cent decline in local ranch case count.

Valencia Land

We have 40 acres A No. 1 vacant Valencia land, located close to city, at a price that will move it in a few days.

We have 10 acres of 2 year old Valencia, beautifully located in the frostless belt, owner in poor health and in need of money.

20 acres full bearing Valencia in an absolutely frostless belt. We consider this the best buy in a straight Valencia grove in Orange county.

STREET PAVING GOING AHEAD

Contractor Crandall Began
Pouring Concrete on Wash-
ington Today

Paving operations in Santa Ana are going ahead rapidly. This morning Contractor Crandall began laying concrete on Washington avenue, between Main street and the Southern Pacific tracks. Crandall is doing the grading and concrete work on a sub-contract let by Smith and Magill. Who will do the asphalt work has not yet been determined.

On South Main street, between Bishop and the city limits Contractor Crandall is doing the rough grading. Delay in the arrival of water pipe for the city on this job has held back the work. The pipe has now been ordered, however, and as fast as it is laid the finish grade work will be be-

I have more acreage than I can care for properly, so am going to dispose of some of it. Therefore, if you want to get a good ranch, large or small, and have a little money or a clear house in Santa Ana, come in and talk business with me. This is my property and I will give you the benefit of any reductions in price. No agents recognized and no commissions paid. Following are a few properties:

From one to twenty acres of fine young Valencia, in any size tract you want. Fine soil, lots of water, good roads and close to town. \$1000 per acre.

Twenty-one acres, 18 acres in walnut trees, interest with apricots, 3 acres vacant. Good crop on the trees. Swell location and good income property. \$25,000. Make your own terms.

25 acres or 5 acres, on South Main St., just outside city limits, fine soil, paved road, make swell chicken ranch, truck farm, etc. \$600 per acre, one-third cash. Beautiful home, one-half block from West Adams street, in Los Angeles. Modern, close in, swell surroundings, rented at \$50 per month. Will trade for Orange county property. \$12,500.

Will You Trade?

Southern California town property for the Tulare county land which I have been advertising in this space.

You would find the land and conditions just as I have described them

180 acres ... \$18,500.00

100 acres ... \$12,500.00

60 acres ... \$7,500.00

If you have clear property I will allow you full value for it, will take what you have as first payment on the acreage you want and take mortgage on land for the balance, or I will trade value for value, clear for clear. Will give you satisfactory reason for offering the best exchange you have had put up to you. Agents take notice. Drop me your address by letter if you can't reach me by phone. 644J.

gun by Crandall. It is expected that the pipe lines will all be laid in about two weeks.

Sub-grading work on Ross street, between Fifth street and Washington avenue has been completed by Contractor Hubermann who has also hauled about half the necessary gravel on to this street.

Crandall has completed laying the concrete base on West First street from Main to Flower and expects to begin laying the asphalt surface the first of next week. Paving on Orange avenue has been completed as well as that on Pine street. The work on Orange extends from First street to Chestnut avenue and that on Pine from Main to Hickory.

Contracts for paving Chestnut from Main street to the Southern Pacific tracks are likely to be let in the near future. Contractor Hubermann and Contractor Crandall are both in the field for this work as well as the Hewitt company, of Los Angeles. This latter firm, it is reported, is circulating contracts to do the work at a lower price than that offered by the first two men. The Hewitt company, in fact, is offering to do the work at 10 cents, which is a much lower rate than any heretofore proposed for the paving specified, a four-inch concrete base and a one and one-half inch wearing surface. Property owners on Chestnut are favoring the Hewitt price.

Hubermann has no clause in his contracts with property owners that one-half of the pay for paving must be paid when the concrete is down. So he had received no pay when he tore up the north half of three blocks on East Second street. Other contractors have clauses in their contracts to the effect that one-half the cost of paving must be paid when the concrete is laid.

Hubermann's loss from the bad stretch of work on Second street is \$1500. Hubermann says that the loss was due to a bad carload of cement. He has hauled away the bad concrete and will re-lay new stuff.

AT THE COURT HOUSE

SUPERIOR JUDGE MAY SUSPECT A COLLUSION CASE

Orders Woman Defendant in
Divorce Action to Appear
in Court

Superior Judge West may suspect collusion in the divorce action brought by Robert E. Heinrich against Freda Heinrich. The parties in the case live at Anaheim. Yesterday after Heinrich had given his testimony, Mrs. Heinrich having defaulted, the judge ordered that Mrs. Heinrich be summoned to appear before him on July 24. Mrs. Hilda Heinrich was also ordered subpoenaed.

A final decree of divorce was granted Lillian Walters against Frank M. Walters.

Rilla Harrison was given an interlocutory decree of divorce from Theodore C. Harrison. H. C. Head represented the plaintiff.

Pleading Guilty
Dudgeon of Brea pleaded guilty to practicing dentistry without a license, and July 13 was set for sentence.

RAISIN CROP TO BE IMMENSE

FRESNO, July 11.—The San Joaquin valley this year is producing mammoth crops in every line. Dried fruit men estimate the raisin crop at 100,000 tons, the largest save for 1912. A good year on all seedless varieties is certain inasmuch as last year's crop was cleaned up in good shape.

The output of green fruit and dried fruit will be large in every section of the valley. The loss from sunburn is slight, compared with former years, according to the estimates of the best informed growers and fruit men. A certain percentage of the crop is burned up by the sun of the early summer months annually, but the damage this year is considered only a drop in the bucket compared with former seasons.

Malaga grapes will commence to move out of the state about July 20, which is from ten days to two weeks earlier than previous shipping seasons. This is due to the early ripening of the berries. The crop will be large throughout the valley. The crop damage, though slight, will strengthen the market, it is believed, and the loss in the aggregate amount will not be heavy.

GAS COMPANY TO ISSUE BONDS

SAN FRANCISCO, July 11.—The Pacific Gas and Power Corporation, which supplies electric current to portions of the counties of Los Angeles, Orange, Riverside and San Bernardino, applied yesterday to the State Railroad Commission for authority for a stock and bond issue to be used for refunding floating indebtedness incurred on account of betterments and improvements. The company recently constructed generating works in Fresno county at a cost of more than \$14,000,000.

NATIONAL BALLOON RACES START TODAY IN ST. LOUIS

ST. LOUIS, July 11.—Eleven aeronauts of national prominence will take part in the balloon races to be sailed this afternoon from Friest's Park, in the southwestern part of the city. The flights are attracting world-wide attention, and many students of aerial navigation are here. The war department of the United States and of foreign countries are interested.

Many record balloon flights have been made from St. Louis and it is predicted that today's races will establish new records. Air currents in July and October are especially favorable to aerial navigation. The balloonists who will compete for the right to enter the international races at Kansas City in October are: John Berry, Capt. H. E. Honeywell, Paul McCullough, William Assman and E. S. Cole of St. Louis; Jerome Kingsbury, New York; R. A. S. Preston, Akron; Arthur Atherholt, Philadelphia; Warren Raser, Brookville, O.; John Watts, Kansas City, and Roy Donaldson, winner of the second prize in the Portland races.

TOUR RAINBOW TRAIL
MONTROSE, Colo., July 11.—The combined Grand Junction and Montrose auto tourists who are making a run over the old Rainbow Trail to Pueblo, left here today on the second leg of their journey. Two dozen machines joined the Grand Junction contingent here. The party will reach Gunnison at noon and continue on to Salida this afternoon. Tomorrow the trip will be continued through Canon City to Pueblo. The trip was designed principally to demonstrate the feasibility of using the Rainbow Trail as part of a trans-continental highway.

THE DOCTOR SAYS

"Avoid Heavy Foods
During Warm Weather"

It has been the experience of almost everyone that overeating, or indulging in rich or heavy foods during the hot summer months, causes sluggishness; even if permanent injury is not the result.

To feel bright and well in warm weather, keep the blood cool by proper dieting. We do not mean by this that you are to deny yourself nourishing food, for it is during this period that most nourishment is needed; but avoid heavy, sticky foods; and eat very little meat.

There is a prepared breakfast food called "FORCE" that the makers claim is the "best balanced" food for hot weather that it is possible to produce. "FORCE" is made from whole wheat, scientifically cooked and blended with barley malt; then rolled, toasted and flaked.

If you want a delicious breakfast dish, try FORCE with berries and cream. Not only delicious, but satisfying. Sustains and nourishes. Don't worry about the children not eating enough, give them FORCE. It's good for them, and they'll like it. For sale by most good grocers.—Advertisment.

IN THE JUSTICE COURT

SAVALA STOLE THE SACKS, FINE \$100

F. Savala, Mexican, today pleaded guilty to stealing cement sacks from Ducey, Hart and Chamberlain, road pavers. The Mexican tried to sell the sacks in Los Angeles, and was caught. He showed the officers where he got the sacks. Justice Cox ordered him to pay a fine of \$100. Not having the money Savala went to jail.

Held to Answer
A Mexican named Melendez was held to answer on a charge of entering a house at Newport Beach for the purpose of committing burglary. When he left the house he forgot to take his coat, vest and two partly emptied bottles of whiskey with him. The contention of the defense is that Melendez did not attempt burglary, but was merely a drunken intruder.

PRESIDENT TO HAVE SUMMER HOME NEAR DENVER, COLORADO

DENVER, July 11.—Arrangements were being completed today for the laying of the cornerstone of the proposed summer home for the president, in the foothills near Denver.

It was originally planned to stage the ceremonies August 15, John Brisson Walker and other promoters of the plan said that the president had tentatively promised to be present then or a little later should Congress not adjourn to permit his attendance on the original date.

The scheme contemplates raising money for the home by popular subscription. It is hoped to have it ready for occupancy by next summer.

LINEMAN DEAD? NO, JUST BEER, HOT DAY

PENDLETON, Ore., July 11.—"There's a man up a pole here, and he hasn't moved for an hour. I think he's been electrocuted."

This was the message received at the Pendleton telephone office, and a relief squad was sent out at once.

The rescuers found a lineman, his head on a cross arm and his body supported by his safety belt. But he was only sleeping. He explained that a few glasses of beer and a hot sun probably had done the work.

SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scales and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delicious, effervescent lithia-water drink.—Advertisment.
